SAXMUNDHAM URBAN DISTRICT COUNCIL

ANNUAL REPORT OF

THE MEDICAL OFFICER OF HEALTH

FOR THE YEAR

1959

To: The Chairman and Members of the Saxmundham Urban
District Council:

Gentlemen,

I have the honour to present to you a Report on the Health and Sanitary State of the District for the Year 1959.

I have the honour to be, Gentlemen, Your obedient Servant,

D. W. RYDER RICHARDSON.

INFECTIOUS DISEASES.

There was a small outbroak of Measles in the first half of the year. Three cases of pneumonia were notified. All these cases recovered. No cases of tuberculosis were notified during the year. There were no deaths from this disease during the year.

WATER SUPPLY.

Sufficient water of excellent quality was supplied by the Blyth Waterworks for all essential purposes during the year. On account of the defect in one well, mentioned last year, and the prolonged drought of this most unusual summer, it was necessary to restrict the use of this water for non-essential purposes.

SEWERAGE.

The conversion of the system, as detailed in my Report for 1957, has been completed and results so far obtained suggest that the efficiency of the system is considerably increased.
